**TO ORDER:** Please provide **one teaspoonful of cremation ash in a sealed baggie** (covers several beads). I recommend you **use a padded envelope or small box when shipping. 50% deposit on in-person orders, and full payment on mail orders. 4% surcharge on all credit card orders.** Contact me if you would like to make an appointment at my Nashua, NH home studio, or if you have any questions about color, design or shape.

**A LITTLE ABOUT YOUR BELOVED:** (name, age, energy level, memorable habits, etc...). I will be thinking of these details as I create your bead. Please write your thoughts on the back of this order form. This part of the process is important to me because it helps me personalize your bead. If you do not feel comfortable providing this information, you are not obligated to do so. Contact me if you have any special requests or questions. **Please sign & date this form before sending it to me.**

**HAIR, FUR, OR FLOWERS:** My bead making process is the same, but you will not see "speckles" as when I use cremation ash. Feel free to contact me if you have any questions.

**SHIPPING:** I ship cremation bead orders in a small flat rate US Postal box. **Add \$12 for shipping within the Continental US.** If your order is so large that a second **shipping** box is required, an additional \$12 fee must be added to your total. Please contact me if you think your order applies.

I understand that Vangie will use her skill & inspiration when creating my beads. The foregoing fees & specifications are satisfactory and are hereby accepted.
